

Case Management Services

Tidal Basin is a leader in disaster recovery and direct benefit programs. We have knowledge and experience in the applicant-based federally funded programs where expediency in benefits distribution is essential.

Our experts specialize in programs funded by the U.S. Department of Treasury (i.e., Emergency Rental Assistance and Homeowner Assistance Fund), the U.S. Department of Housing and Urban Development Community Development Block Grant - Disaster Recovery program, and the Federal Emergency Management Agency (FEMA).

Tidal Basin knows that case management is a critical component to successful disaster recovery programs. We are able to rapidly mobilize large-scale programs to assist struggling families and small businesses. Our impactful case management services are built upon transparent communications, well-trained case managers, and robust QA/QC processes.

Our case management services include:

- Technology solutions
- Call center services
- Case management (including FEMA disaster case management)
- Quality assurance/quality control
- Outreach, marketing, and communications
- Program management
- Training and technical assistance
