

**Preparedness****Response****Recovery****Mitigation**

Puerto Rico Port Authority

Tidal Basin Caribe provides specialized recovery services in Puerto Rico and the Caribbean. We have extensive hands-on expertise with federal funding authorities, a history of client advocacy and retention, and are dedicated to enabling a full and efficient financial recovery.

Our Puerto Rico-based team understands the island's unique disaster recovery and mitigation needs and is invested in its continued recovery. Providing households, businesses, and communities with the infrastructure to restore resilience is a critical aspect of the recovery framework and a step toward making the island more resilient and sustainable in times of crisis.

Commitment to Puerto Rico

Tidal Basin Caribe has a deep understanding of on-island programs and agencies. We have provided extensive recovery program management, grant management, FEMA programs support (Public Assistance, Hazard Mitigation, 428), project formulation, hazard mitigation, and CDBG-DR program support for numerous Puerto Rico agencies, including:

- Puerto Rico Department of Housing (PRDOH)
- Menonita General Hospital
- Puerto Rico Electric Power Authority (PREPA)
- ENLACE
- USVI

Our program support includes:

- PRDOH Community Energy and Water Resiliency Initiative
- PRDOH CDBG-DR Non-Federal Match Program
- PRDOH Case Management for Economic Development
- PREPA FEMA Public Assistance and Grant Management Program
- PRDOH FEMA Sheltering and Temporary Essential Power (STEP)
- Temporary Housing Repairs Program
- PRDOH Home Repair, Reconstruction or Relocation (R3) Program

How Tidal Basin Caribe can help

Our team works closely with you to determine the full extent of damages and eligibility under various funding programs, including insurance. We then implement an effective project formulation and cost accounting strategy designed to maximize available funding, track the development of project worksheets and any related change orders, and pay close attention to the accurate quantification and full documentation of damages.

150+ staff
with proven
track record in
Puerto Rico

Experienced

compliance
requirements

Some of our clients include:

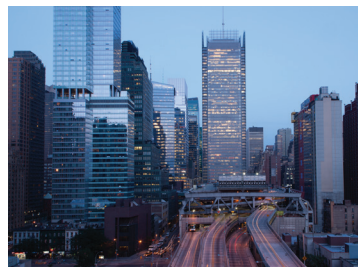

Puerto Rico Department of Housing (PRDOH)

- Program management services for CEWRI Program
- HUD CDBG-DR R3 Program
- Case management services for Economic Development Recovery Program
- Program management for Non-Federal Match Program

New York State Division of Homeland Security (NYDHS)

Provided FEMA Public Assistance (PA) and Hazard Mitigation HMGP program support for NYDHS through grants administration and closeout, project management, appeals, administrative support, finance/audits, development of over 1,200 HMGP project applications, and technical support to state agencies and local jurisdictions.

Port Authority of New York and New Jersey (the Port)

Since 1993, our team of emergency management experts have assisted the Port with its resiliency efforts. When a contract is executed, our primary focus has been developing a grant vehicle for damage sites identified by the Port, while simultaneously training and guiding Port staff on strategies, processes, and procedures to help obtain and retain recovery funding.
