

Emergency Rental Assistance Program (ERAP)

On January 5, 2021, the U.S. Department of the Treasury launched the \$25 billion Emergency Rental Assistance Program (ERAP) established by the Consolidated Appropriations Act, 2021. ERAP assists households that are unable to pay rent and utilities due to the COVID-19 pandemic.

KEY ISSUES:

ERAP is a lifeline to struggling households impacted by the coronavirus pandemic. State and local governments have been allocated unprecedented funding and must deploy this relief rapidly and efficiently to prevent a looming eviction crisis.

Governments need immediate case management solutions and grant management expertise for compliant and accurate program rollout and reporting to the federal government.

Emergency Rental Assistance payments will be made directly to States, U.S. Territories, local governments with more than 200,000 residents, the Department of Hawaiian Home Lands, and Indian tribes or the tribally designated housing entity of an Indian tribe, as applicable.

WHY TIDAL BASIN

Our team of over 2,200 full-time and on-call professionals have provided professional federal program management, case management, disaster recovery, and consulting services to hundreds of clients, totaling over \$40 billion in federal grant funding.

We specialize in the rapid deployment of federal funding through applicant-based programs, providing intake, eligibility, award coordination, file closeout, document management services, and systems solutions for billion-dollar programs. Tidal Basin's proven team of dedicated professionals trained in case management techniques will ensure the rapid processing of ERAP assistance to protect vulnerable residents.

OVERVIEW

Tidal Basin is one of the leading preparedness and disaster recovery firms with comprehensive knowledge and experience in the areas of emergency and preparedness, response, recovery, mitigation management and funding.

Our team has stood up operations for large-scale COVID-19 recovery programs and have made adjustments to ongoing engagements in response to the pandemic. This experience is invaluable to the timely processing of applicants through the ERAP program. Our team of experts are actively providing COVID-19 related Federal program support to eight states and COVID-19 vaccine implementation planning and distribution.

DIFFERENTIATORS

Expert policy knowledge of federal coronavirus relief funding, including Treasury, HUD, and FEMA programs.

Experience and understanding of ERAP application and funds distribution processes

Deep bench of experienced case managers

Proven Rapid Response and Staffing Model
