

MIAMI BEACH

TO: Whom it may concern

FROM: Juan R. Mestas; Deputy Chief
Fire Department Operations – Emergency Manager

SUBJECT: Recommendation for Tidal Basin

This letter is to recommend Tidal Basin as an Emergency Management and Recovery Consultant.

I've been dealing with Tidal Basin for over two years in my position as the Emergency Manager for Miami Beach. During that time, Tidal Basin has never disappointed me and has always exceeded my expectations. They are always available for consult, very easy to communicate with and are responsive to our requests. They are in tune with the City's fiscal responsibilities and therefore have stayed within the original budget.

Just yesterday, we had an ad-hoc meeting with the CEO, Daniel Craig and his staff regarding COVID-19 and reimbursement. The team not only reinforced our thoughts but because they stay up to date on all Federal funding programs, they added pertinent information that we were not aware of.
